Every story shared is a life touched. Your support made all the difference.

About Us

Share Your Closet (SYC) is a youth-led social initiative founded by Reesha Ahmed in August 2020 to bridge social and economic inequalities through sustainable, community-based action. What began as a small clothing donation drive has evolved into a nationwide platform promoting dignity, empowerment, and environmental responsibility.

SYC's mission is twofold: to reduce waste and redistribute resources. By giving a new life to second-hand clothes, we promote conscious consumption and ensure that vulnerable communities have access to essential clothing. Beyond sustainability, SYC provides newly purchased relief items such as food packages, blankets, hygiene kits, and menstrual products to families affected by poverty and natural disasters across Bangladesh.

Our work extends to health, education, and empowerment, from free medical check-ups and dental hygiene camps in partnership with Dhaka Medical College Hospital and Pepsodent Bangladesh, to menstrual hygiene awareness campaigns and mental health workshops that break stigma and promote inclusion.

At the heart of SYC is its vibrant volunteer network. With over 150 trained volunteers from schools and universities across Bangladesh and abroad, we foster leadership and civic responsibility among young people. Through regular recruitment, skill-building workshops, and partnerships with community service clubs, our volunteers lead independent projects on relief, environment, and awareness, ensuring that impact continues to grow beyond one generation.

SYC is more than an organisation; it is a movement of young changemakers striving to build a sustainable, equitable, and compassionate Bangladesh, one community at a time.
